

he unique way to tying everlasting bonds

orthway's aim is to assist our international customers in developing and cultivating long-lasting relationships – internal and external.

Our task is to arrange everything so that business and memorable travel experiences may be combined with a pleasant and untraditional framework around to

with a pleasant and untraditional framework around the visit to Norway, whether it be customer care, representation, strategy meetings, incentive tours or maybe committee, board or leader meetings.

Unique adventure tours are created and tailor-made according to requirements. Art, culture, history, cuisine, unparalleled scenery, pure water, fresh air and exciting adventures are amongst the key words. This exclusive offer is intended for small and medium sized groups in order to provide personal service, which so often is absent, and to ensure access to places which are normally reserved for the chosen few. A hostess /host from Northway may accompany during the entire arrangement.

If one turns Norway upside-down, that is rotate it 180°, with Lindesnes (Norway's southernmost point), as the rotating point, Norway's northernmost point will now reach right down to Rome in Italy. Norway is actually one of Europe's largest countries area-wise, but has a population of just about five million. Imagine what this means to you as a guest:

In Norway you can experience arctic winters – and mediterranean summers. Our extensive coastal line has innumerable, spectacular fjords; you can see the midnight sun, experience glaciers, culture, historical gems and the most modern technology. And with enough space for all to roam.

NORTHWAY wishes you heartily welcome!
